Dear Sir:

Further to the IDS at filing and the information at pages 1 to 8 of the specification as filed, the Applicant submits copies of the documents mentioned at page 8 of the specification as filed. It is requested that these documents be placed in the file. It is noted that the U.S. patent is an apparent patent family member to the JP document, judging by the priority data in the JP Publication.

It is believed that these documents are merely cumulative to the information in the IDS filed on May 23, 2006, the admissions at pages 1 to 8 of the specification as filed, and the U.S. publications cited by the examiner in the allowing papers. Thus, it is believed to be sufficient merely to place them in the file, since certification is not available.

Applicant believes no fee is due with this response since consideration is not requested and
